

IF THERE IS WATER, THERE IS A WAY.

SAL Heavy Lift, a part of the Harren & Partner Group and a member of the Jumbo-SAL-Alliance, is one of the world's leading carriers specialised in sea transport of heavy lift and project cargo. The Jumbo-SAL-Alliance is owning and operating a versatile fleet of 30 advanced project cargo vessels with a lifting capacity of up to 3,000 t SWL. Our guiding principle is: If there is water, there is a way. Making the impossible possible, always finding a solution, going all the way. **To strengthen the SAL Commercial Team in our office in Schiedam, NL, we are looking for a:**

TENDER ENGINEER (M/F/D)

Your main responsibilities:

- You play a key role in the preparation and submission of our (DP) installation proposals
- Engineering assistance in the tendering process
- Interfacing between the Engineering- and the Commercial departments
- Concept design of (subsea and above water) installation methodologies
- Concept design of any structures, grillage and sea fastening required for the operation
- Specification of equipment required for the operation
- Preparation of concept mob/installation/demob schedules
- Cost estimation, including contact with subcontractors, obtaining estimates for review and assessment
- Assessment of technical- and cost / commercial risk (for tenders)
- Assistance with the development of bidding strategy
- Attendance at tender clarification meetings

Your personality:

- You are dedicated to safety. Safety is paramount to SAL
- You have strong communication skills

- You have a creative mind
- You have a flexible attitude and are willing to travel (client visits, exhibitions, subcontractors, HQ meetings)
- You are a team player and thrive in a multinational environment
- Enjoy a job which requires you to be self-driven, inventive and highly goal-oriented

Your qualifications and skills:

- You come with relevant working experience in the offshore industry
- You have a background as BEng. / BSc / MSc in a relevant engineering study
- Strong handling of MS Office
- Knowledge of AutoCAD is an advantage
- Good command of English written and verbal (Dutch, German and other languages are a plus)

We offer you:

- Salary package according to qualifications (incl. pension scheme and travel allowance for daily commute)
- Flexible working hours, but expect a high degree of responsibility
- Positive working atmosphere in a small team
- Option to work from home

SAL is committed to fair employment opportunities regardless of ethnic heritage, skin colour, gender, age, marital status, disability, religion, nationality, sexual orientation or social background. Our constant goal is to create a respectful and appreciative working environment for all employees.
